Grading Report

Student Name: Khursheed

Exam Title: Exam

Date: 2024-12-01

Total Marks Awarded: 7.0 out of 10

Grading Report

Question 1: Question 1: Why we use React?

Student's Answer:

1) WE can split our app into multiple components and reuse those components. 2) React uses a virtual DOM to efficiently update the UI which is better than updating content using DOM Manipulation. 3) We can use states and props that helps in updating variable across pages.

Correct Answer:

I simplifies building complex web apps with reusable components, improving development efficiency. It offer a virtual DOM for faster update, React also provides state management making large-scale development more manageable.

Marks Awarded: 4.0 out of 5

Feedback: Your answer is quite good, but it could be improved. You have correctly mentioned the reusability of components, the use of a virtual DOM, and the role of states and props in updating variables across pages. However, your answer lacks clarity and detail. For instance, you could have explained how the virtual DOM improves development efficiency and how state management makes large-scale development more manageable.

Question 2: >

Student's Answer:

Correct Answer:

Marks Awarded: 3.0 out of 5

Feedback: The student's answer is partially correct, as it addresses the main question. However, it lacks detail and clarity, which is why it doesn't fully meet the grading criteria.
